1. While George was having a cavity filled by his dentist, the drill hit a nerve that had not been dulled by anesthetic, a couple of times. Each time he cringed in pain. George now gets anxious each time he sees the dentist.

What is the:
- Unconditioned stimulus: _______________________
- Unconditioned response: _______________________
- Conditioned stimulus: _______________________
- Conditioned response: _______________________

2. Every time a psychology instructor enters the classroom, she goes straight to the board to write an outline on it. Unfortunately, she has long finger nails and each time she writes the outline, her nails screech on the board, making students cringe. After a few weeks of this, students cringe at the sight of the teacher entering the classroom.

What is the:
- Unconditioned stimulus: _______________________
- Unconditioned response: _______________________
- Conditioned stimulus: _______________________
- Conditioned response: _______________________

3. Fanny eats fried chicken that has e coli in it and ends up vomiting for hours that night. Luckily she recovers within a day, but now just the thought (or the sight or the smell) of fried chicken makes her nauseous.

What is the:
- Unconditioned stimulus: _______________________
- Unconditioned response: _______________________
- Conditioned stimulus: _______________________
- Conditioned response: _______________________

4. At a football game, every time the home team scores a touchdown, the person behind you blasts an air horn near your ears causing you to wince. Unfortunately for you, the home team scores frequently. As the end of the game nears, the home team scores a touchdown, and even though the inconsiderate fan behind you has left, you still wince.

What is the:

- Unconditioned response: _______________________
- Conditioned stimulus: _______________________
- Conditioned response: _______________________

5. In order to keep your cat off of the counter even when you’re not near enough to reach him, you pair the sound of a clicker with squirting him with water. Now the sound of the clicker causes him to startle.

What is the:
- Unconditioned stimulus: _______________________
- Unconditioned response: _______________________
- Conditioned stimulus: _______________________
- Conditioned response: _______________________
6. Charlie has been humiliated in the past for doing poorly on tests. When that has happened, he would get so upset he would shake. Now when presented with a test, he begins to shake.

What is the:
   Unconditioned stimulus: ______________________
   Unconditioned response: ______________________
   Conditioned stimulus: ______________________
   Conditioned response: ______________________

7. Fred has a fluffy down pillow with some of the down sticking out of the fabric. When he first tries out the pillow, a piece of down tickles his nose and he sneezes. He now sneezes every time he lays down on any kind of pillow.
